

Pool Membership Guidelines

- This will be a 2-year trial membership. The intent of this membership is to attract new members that only want to use the pool, tennis courts & clubhouse. If successful after our trial, we will allow current members to apply for this membership.
- We will limit the number of memberships to 10.
- This is a year-round membership.
- Membership privileges: unlimited access to the pool, playground, tennis courts, clubhouse and all club sponsored activities that are not golf related. The membership has all the same amenities as our full membership, except access to the golf course. Pool members that want to play golf will be required to follow the same guidelines as other golfing guest.
- Pool memberships will be required to purchase a share of stock, pay reduced initiation, monthly fees as follows:
 - Stock: \$1,200
 - Initiation Fee: \$780 (~60% of full membership)
 - Monthly Dues: \$100 (~57% of full membership)
 - Monthly Restaurant Minimum: \$15
- The Board reviews the dues on an annual basis, they may be adjusted as required (the same process we use on Full & Clubhouse memberships).
- Membership Payment Options – A new pool member may opt to pay the initiation and stock fees over 5 years (age 41 and above) or over 10 years (age 40 and under). The annual fees for stock & initiation (\$1,980):
 - 5 years - \$396 per year.
 - 10 years - \$198 per year.
- Pool members that want to reclassify their membership to a full membership may do so by notifying the Club Manager. All Full membership fees will apply. Reclassifying back to a pool membership will only be allowed with the Board's approval.
- This is going to be a 2-year trial membership. At the end of the trial, the board will determine if the membership is meeting the intent and is something the club can manage. If the board decides to make this a permanent membership it will be voted in and added to the bylaws. At that time, communication will be made to all members and any Full Active or Clubhouse Member may choose to change to a Pool Membership, regardless of the number of Pool Members (If we have 10 Pool members and 5 Full Active members want to reclassify, we will allow it). The Board may elect to adjust the number of memberships (from 10) at this time, as well. Full Members or Clubhouse members that are reclassifying to a Pool Membership will not be refunded the difference in Initiation Fees.
- During the 2-year trial, if the Board determines the Pool Membership is not something we can continue supporting, the trial will end. At that time, the Club Manager will contact each Pool Member with information options. Options will be voted on by the Board at that time, but will include the option to go to a Full Membership or be refunded Stock & Initiation Fees, dues will not be refunded. The Board will determine the specifics at that time.
